

CAPABILITIES STATEMENT

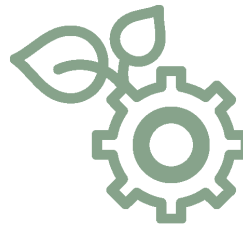

CORE COMPETENCIES

Energy

The BRIC provides evaluation services for utility energy efficiency and renewable programs. We have experience providing impact and process evaluations for a wide range of clients and facilities.

Operations & Maintenance (O&M)

Our comprehensive O&M services provide the labor, management, supervision, permits, equipment, supplies, materials, transportation, and related products and services required by our clients.

Sustainability

We serve as a trusted advisor for achieving compliance with regulations that govern substances released into the air, water, and land. We support workplace environment, health, and safety programs.

Technology

Our team consists of a diverse group of professionals with expertise in mission-critical information technology (IT), systems integration, and logistics.

OUR CULTURE

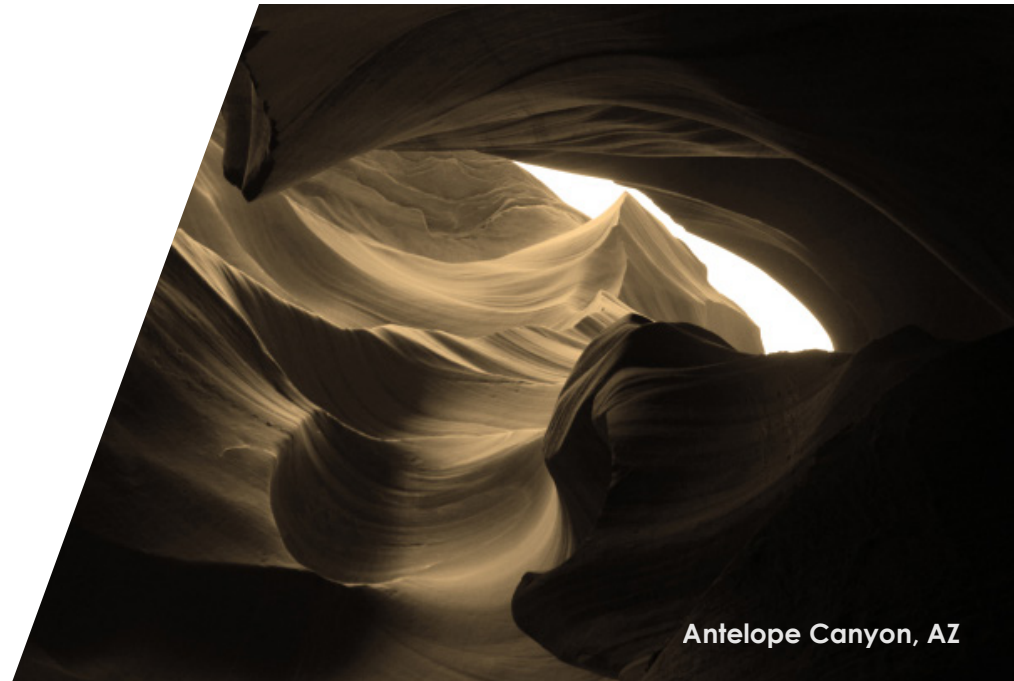

VISION

Be a recognized world-class science and technology firm

MISSION

Deliver high-quality science and technology products and services to our valued clients

The natural power that has shaped Antelope Canyon is the same force that has helped to form the BRIC. This energy embodies the Diné phrase, “t’áá hwó ají t’éego,” which means “if it is to be, it’s up to YOU.”

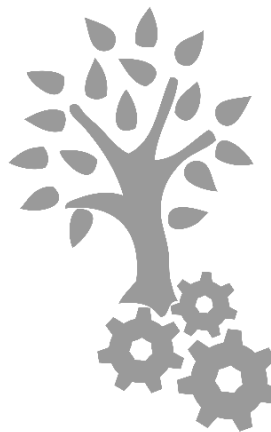

THE BRIC ADVANTAGE

100% Navajo Nation, Tribally-Owned, Small Disadvantaged Business

- Tribal/Indian Set Aside
- Low Overhead and G&A
- Indian Incentive Program (IIP)

IIP is a congressionally-sponsored program that provides a 5% rebate back to the prime contractor on the total amount subcontracted to an Indian-Owned Economic Enterprise or Indian Organization, in accordance with DFARS Clause 252.226-7001. DoD prime contractors with a contract of \$500,000.00 or more that contain the above referenced clause are eligible for incentive payments.

PAST PERFORMANCE
