Inspired by the Navajo legacy of environmental stewardship, BRIC provides natural, cultural, and environmental compliance services to government, tribal, and commercial organizations. Our professional staff delivers quality-driven solutions that **promote conservation and minimize risk** using innovative, leading-edge technologies customized to meet client needs. Through partnership with our clients, we develop a thorough understanding of requirements and design and implement **flexible, sustainable solutions on-time and within budget**. Our professionals include highly seasoned environmental scientists, biologists, archaeologists, foresters, and NEPA specialists with **300+ years of collective experience**. With a track record of excellence in supporting diverse clients across the nation, BRIC prides itself on successfully navigating regulatory structures of federal, state, and tribal governments.

DDC FAMILY OF COMPANIES

Diné Development Corporation (DDC) is a tribally owned holding corporation that was established in 2004 to expand economic opportunities for the Navajo Nation. In support of this mission, the DDC family of companies delivers professional IT and environmental services to a broad portfolio of federal, tribal, and commercial clients.

BRIC brings capabilities and expertise spanning the DDC family of companies to every project. As a wholly-owned subsidiary of DDC, BRIC leverages comprehensive infrastructure and financial resources unprecedented among small businesses. This support includes dedicated program management, contracts, recruiting, human resources, finance and accounting, and security departments. BRIC offers the flexibility of a small company and qualifications of a large corporation. Connect with us at our office locations:
