

Mission Focused.
Legacy Inspired.
Community Driven.

WHO WE ARE

DDC delivers leading IT, professional, and environmental services to advance the missions of federal, state, and tribal government agencies. As thought leaders and innovators, our team of specialists build client-centric solutions that solve critical challenges faced by defense, civilian, and healthcare organizations. Employing a mission-focused approach, we deliver value that not only enhances current operations, but also drives future change.

Closely aligned with this approach is our commitment to advancing the Navajo Nation and its People. Through economic development and community empowerment, we elevate the Navajo Nation to provide lasting impact and sustainable growth for future generations.

DDC's ability to unite modern technologies, industry best practices, and proven methodologies has contributed to our success for twenty years. Our legacy of excellence is reflected in our outstanding performance ratings and commendations, solidifying our reputation as a trusted client partner.

TRIBAL ADVANTAGES

As a Navajo Nation owned corporation and participant in the SBA 8(a) Business Development Program, we offer our clients significant contracting benefits. By leveraging Tribal 8(a) procurements, clients can readily access the skills and expertise of our family of companies while accelerating the acquisition process. This streamlined approach allows our clients to maintain operational continuity while realizing time and cost efficiencies.

- ✓ Sole source contract award ability up to \$25M for civilian agencies and \$100M for DoD agencies without justification and approval (non-protetable) [DFARS 206.303-1(a)]
- ✓ Indian Incentive Program (IIP) - 5% rebate to prime contractors (DFARS Clause 252.226-7001)
- ✓ Small and SDB credit received by subcontracting work to DDC companies [FAR 52.219-19 (i)]
- ✓ Teaming with 8(a) small businesses enable large businesses to increase competitiveness and access to small business contracts through Joint Ventures and Mentor-Protégé Programs
- ✓ Lower overhead and general and administrative costs driven by a shared services model
